## **Let us put our heads together and plan a really beautiful Kitchen.**

When you buy a "Prestige" luxury fitted Kitchen, its' bound to turn out as some thing rather individual.

Simply because, it will be built especially for you.

Years of experience have shown that PRESTIGE has produced well designed, easy to work in and reliable kitchens that create a welcoming, happy atmosphere making them inviting and exciting.

We offer a complete planning service which entails our designers visiting your home to discuss your requirements, taking all necessary measurements and then producing fully detailed drawings.

Anything that may take your fancy, like wall cupboards, display shelves, peninsular units, breakfast bars and island units are made to order.

When you have decided which units you want in your kitchen you decide what you want in your units.

There are all sorts of swing-out racks and trays, wire baskets, garbage bins, drawers for spices, special storage compartments and the like.

For detailed information about PRESTIGE visit our show-room and see for yourself.
